Leon’s Thinking Book

Volume 1 · Ages 4–6

Learning to think, not just learning to answer. Leon the lion and his friend Luz invite children aged 4 to 6 on a playful trip through 9 islands of games: looking closely, remembering, shapes, patterns, logic, numbers, words, space and feelings.

Each island opens with a real painting by the artist and author Robert de Farias. Leon tries, makes mistakes and tries again; Luz asks questions and celebrates new ideas.

Short activities, clear instructions to read aloud, and answers at the back that a grown-up can check in seconds.

- **More than 60 playful activities**
- **Real artworks by the author**
- **Answers for grown-ups**
- **A certificate at the end**
