Leon’s Thinking Book

Volume 2 · Ages 6–8

Learning to think, not just learning to answer. Volume 2 takes children aged 6 to 8 one step further: more steps, more rules to keep in mind and more puzzles to plan — from detail detectives and picture sudoku to codes, maps and the Final Big Challenge.

Each of the 12 missions opens with a real painting by the artist and author Robert de Farias. Leon tries, makes mistakes and tries again; Luz asks questions and celebrates new ideas.

Clear instructions, a mission map to follow and answers at the back that a grown-up can check in seconds.
